

Summer Academy

June 22 - June 26
K - 2nd Grade

AM

Fencers in Training FITKids

Students are introduced to the basics of fencing through safe, age-appropriate games and movement activities. Campers build coordination, focus, and confidence while having fun.

Ninja Challenges

Campers tackle obstacle courses, balance challenges, and agility games inspired by ninja training. Activities build strength, perseverance, and teamwork.

Books and Baking

Students enjoy favorite stories and bring them to life through simple baking projects. This camp blends literacy, creativity, and hands-on kitchen fun.

Full Day

Playground Explorers

8:30am-3:00pm
\$575

Join us for a week of sunshine and discovery as we visit a new Monroe County park each day! Spend the day exploring vibrant playgrounds, cooling off at splash pads, and learning the basics of geocaching and orienteering. It's the perfect outdoor escape for little adventurers ready to hike, play, and connect with nature in our own backyard.

PM

Digital Media

Students create digital artwork, simple videos, and interactive projects using kid-friendly technology. The camp builds creativity, confidence, and basic tech skills.

Jump, Run, Play! Sports Camp

Campers participate in a variety of movement games and sports activities designed for young athletes. Emphasis is placed on fun, teamwork, and developing motor skills.

Building with Blocks and Buddies

Students design and build imaginative structures using blocks and creative materials. Cooperative play strengthens problem-solving and social skills.

Summer Academy

June 22 - June 26

3-4 Grade

AM

Stitch and Sew

Students learn basic sewing skills and create simple textile projects. The camp encourages patience, creativity, and hands-on learning.

Nature Detectives

Campers investigate the natural world through observation, experiments, and outdoor exploration. Activities foster curiosity and scientific thinking.

Full Day

Broadway Showcase

8am-3pm
\$575

Students explore musical theater through acting, singing, and choreography inspired by Broadway productions. The camp culminates in a showcase performance that celebrates creativity and collaboration.

PM

Drawing and Painting

Students explore a variety of drawing and painting techniques using different materials. The camp encourages self-expression and artistic confidence.

Baking

Campers learn baking techniques while creating delicious treats from scratch. Kitchen skills, teamwork, and creativity are at the heart of this camp.

Summer Academy

June 22 - June 26

5-8 Grade

AM

Full Day

Broadway Showcase

8am-3pm
\$575

Students explore musical theater through acting, singing, and choreography inspired by Broadway productions. The camp culminates in a showcase performance that celebrates creativity and collaboration.

Crochet for Beginners

Campers learn foundational crochet stitches and techniques while creating handmade projects. The camp builds patience, focus, and creative confidence.

Digital Media

Students create digital projects such as videos, graphics, and animations. The camp builds storytelling skills and technical confidence.

PM

Bike Camp

8:30am-3:30pm
\$575

From our base at Harley, campers will bike Rochester-area trails like the Erie Canal Towpath and Genesee River Trail to explore scenic destinations and local historic sites. Led by Harley history teacher Doug Gilbert, this camp focuses on biking fun and safety with stories of Rochester's past; campers must bring a fully functional bike (stored at Harley for the week), helmet, water bottle, snack, and lunch—this is not an intro to cycling and is best for experienced, athletic riders able to handle 20-30 miles per day.

Chess

Students learn and strengthen chess strategies through guided instruction and friendly matches. The camp builds critical thinking, focus, and sportsmanship.

Comic Creations

Students develop original characters and storylines and bring them to life through comic art. The camp blends creative writing, illustration, and visual storytelling.

Summer Academy

June 29 - July 2

Digital Media Makers

12:00 - 3:00pm
5th - 8th Grade
Students create digital projects such as videos, graphics, and animations. The camp builds storytelling skills and technical confidence.

Harley Hoop

8:30am-11:30am
5th - 8th Grade
Campers build basketball skills through drills, scrimmages, and teamwork-focused activities. The program emphasizes fundamentals, sportsmanship, and confidence on the court.

Intro to Orchestra

8:30am-3:00pm
5th - 8th Grade
Students who already play an instrument build ensemble skills, musical literacy, and confidence while playing together in an introductory orchestra setting.

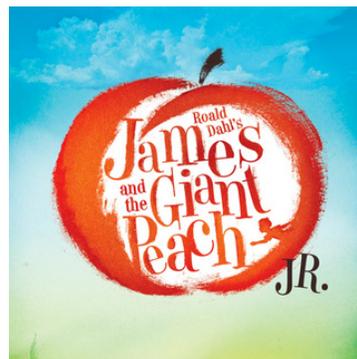

Books and Baking

8:30-11:30am
Kindergarten - 2nd Gr.
Students enjoy favorite stories and bring them to life through simple baking projects. This camp blends literacy, creativity, and hands-on kitchen fun.

Poetry

12:00pm - 3:00pm
5th - 8th Grade
Students explore poetic forms and techniques while developing their own voice through writing, discussion, and creative expression.

James and the Giant Peach Jr. Grades 3-8

8:00am-5:30pm
June 29-10
\$650
Must commit to BOTH WEEKS
Students rehearse and perform James and the Giant Peach Jr. in a full musical production directed by Tom Deckman and Kristy Houston, building skills in acting, singing, dancing, and collaboration.

Jewelry

12:00 - 3:00pm
5th - 12th Grade
Students design and create wearable art.

July 6–10

Digital Media Makers

12:00 - 3:00pm
5th - 8th Grade

Students create digital projects such as videos, graphics, and animations.

The camp builds storytelling skills and technical confidence.

Harley Elite Soccer

8:30-11:30am
5th - 8th Grade

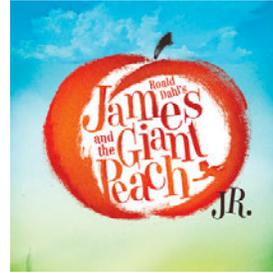

Players sharpen technical skills through focused training and competitive play led by coaches Adil Elmouji and Rob Deege.

Poetry

12:00pm - 3:00pm
5th - 8th Grade

Students explore poetic forms and techniques.

James and the Giant Peach Jr. Grades 3-8

8:00am-5:30pm

State Parks

8:30am-3:30pm

We will drive the Harley bus to nearby parks such as Letchworth, Stony Brook, Hi Tor, Grimes Glen, Watkins Glen, and Chimney Bluffs.

July 13–17

Digital Media Makers

12:00 - 3:00pm
5th - 8th Grade

Students create digital projects such as videos, graphics, and animations. The camp builds storytelling skills and technical confidence.

Summer Running Ramp Up

8:30am-11:30am
6th-12th Grade

Athletes build endurance, strength, and confidence through structured running workouts and conditioning. The program prepares students for fall cross-country or track seasons.

Glass Flameworking

8:30am-11:30am
9th - 12th Grade

Students learn glass-shaping techniques using flameworking tools to create small glass artworks. Safety, creativity, and craftsmanship are emphasized throughout.

Bike Camp

8:30am-3:30pm
\$575

From our base at Harley, campers will bike Rochester-area trails like the Erie Canal Towpath and Genesee River Trail to explore scenic destinations and local historic sites. Led by Harley history teacher Doug Gilbert, this camp focuses on biking fun and safety with stories of Rochester's past; campers must bring a fully functional bike (stored at Harley for the week), helmet, water bottle, snack, and lunch—this is not an intro to cycling and is best for experienced, athletic riders able to handle 20–30 miles per day.

Books and Baking

8:30-11:30am
Kindergarten - 2nd Gr.

Students enjoy favorite stories and bring them to life through simple baking projects.

Quiet on Set: Creating Characters

12:00 - 3:00pm
5th - 8th Grade

Students develop original characters and compelling scenes through acting, writing, and collaboration.

Wheel Ceramics

8:30am-11:30am
5th - 8th Grade

Students learn to throw clay on the pottery wheel while developing hand-building, trimming, and glazing skills.

Summer Academy

July 20–24

Beginning Crochet

12:00pm - 3:00pm
5th - 8th Grade

Students learn foundational crochet stitches and techniques while creating handmade projects. The camp builds patience, focus, and creative confidence.

Wheel Ceramics

8:30am-11:30am
5th - 8th Grade

Students learn to throw clay on the pottery wheel while developing hand-building, trimming, and glazing skills. The camp emphasizes technique, patience, and creative exploration.

Books and Baking

8:30-11:30am
Kindergarten - 2nd Gr.

Students enjoy favorite stories and bring them to life through simple baking projects. This camp blends literacy, creativity, and hands-on kitchen fun..

July 27–31

Stitch and Sew

12:00 - 3:00pm
5th - 8th Grade

Students build sewing skills while creating functional and creative textile projects. The camp encourages patience, problem-solving, and artistic expression.

Digital Media Makers

12:00pm - 3:00pm
5th - 8th Grade

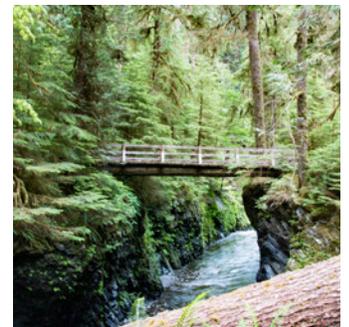

Students create digital projects such as videos, graphics, and animations. The camp builds storytelling skills and technical confidence.

Brain Boost Lab: Level Up Your Skills

12:00pm - 3:00pm
5th - 8th Grade

Students strengthen skills through engaging games, challenges, and hands-on activities. The camp focuses on organization, problem-solving, and confidence-building.

State Parks

8:30am-3:30pm
5th- 12th Grade

We will drive the Harley bus to nearby parks such as Letchworth, Stony Brook, Hi Tor, Grimes Glen, Watkins Glen, and Chimney Bluffs.

August 3-7

Stitch and Sew

12:00 - 3:00pm
5th - 8th Grade

Students build sewing skills while creating functional and creative textile projects. The camp encourages patience, problem-solving, and artistic expression.

Digital Media Makers

12:00pm - 3:00pm
5th - 8th Grade

Students create digital projects such as videos, graphics, and animations. The camp builds storytelling skills and technical confidence.

Brain Boost Lab: Level Up Your Skills

12:00pm - 3:00pm
5th - 8th Grade

Students strengthen skills through engaging games, challenges, and hands-on activities. The camp focuses on organization, problem-solving, and confidence-building.

Fiddle Camp

12:00pm - 3:00pm
5th - 8th Grade

Students explore traditional fiddle tunes while developing technique, rhythm, and ensemble skills. Campers must have prior experience on any string or woodwind instrument and be able to play simple fiddle-style melodies.

Draw, Paint, Sculpt!

12:00pm - 3:00pm
5th - 8th Grade

Students explore a variety of visual art techniques through drawing, painting, and sculpture, building creativity, skill, and confidence across mediums.

Summer Academy

August 10-14

K-2nd Grade AM

Tiny Dancers

Young dancers explore movement, rhythm, and creative expression through fun dance games and simple choreography. Activities build coordination, confidence, and joy in movement.

Backyard Science Explorers

Campers investigate everyday science through hands-on experiments and outdoor discovery. Curiosity, observation, and playful learning guide each activity.

Baking

Students learn simple baking techniques while creating delicious treats. The camp builds confidence, teamwork, and hands-on kitchen skills.

STEAM Storytelling

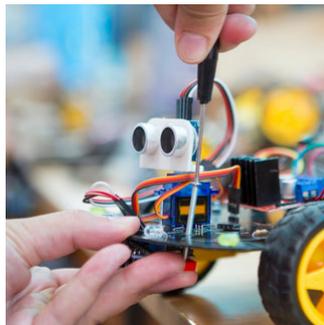

Campers combine science, technology, engineering, art, and math to create imaginative stories and projects. Creative problem-solving and collaboration are at the heart of each activity.

K-2nd Grade PM

Art and Imagination Studio

Students create artwork inspired by stories, imagination, and hands-on materials. The camp encourages creativity, self-expression, and artistic exploration.

LEGO Builders and Challenges

Campers design and build imaginative structures while solving fun engineering challenges. Activities strengthen problem-solving, collaboration, and creativity.

Music and Movement

Students explore rhythm, sound, and movement through singing, instruments, and creative play. The camp builds listening skills, coordination, and confidence.

Playmakers Sports & Games

Campers enjoy a variety of sports, games, and cooperative challenges designed for young learners. Emphasis is placed on fun, teamwork, and developing motor skills.

Summer Academy

August 10 - 14

3-4th Grade AM

Digital Media

Students create digital projects such as videos, graphics, and animations. The camp builds storytelling skills and technical confidence.

Intro to Crochet

Campers learn basic crochet stitches and create simple handmade projects. The camp encourages patience, focus, and creative expression.

Makerspace and Simple Machines

Students explore engineering concepts by building and experimenting with simple machines. Hands-on challenges promote problem-solving, creativity, and collaboration.

Home Economics

Students learn practical life skills such as cooking basics, organization, and simple sewing. The camp builds independence, responsibility, and confidence.

3-4th Grade PM

Creek Connections

Campers explore local waterways through hands-on science, observation, and outdoor exploration. Activities build environmental awareness and curiosity about ecosystems.

Baking

Students learn baking techniques while creating sweet and savory treats. The camp builds kitchen skills, teamwork, and confidence.

Outdoor Adventure & Nature Art

Campers combine outdoor exploration with creative art inspired by nature. Activities encourage observation, imagination, and appreciation of the natural world.

Summer Academy

August 10 -14

5th–8th Grade AM

Drawing and Painting

Students explore drawing and painting techniques using a variety of materials and styles. The camp encourages experimentation, creativity, and artistic confidence.

Next-Level Sports Camp

Athletes develop sport-specific skills through drills, games, and conditioning activities. The camp emphasizes teamwork, strategy, and athletic growth.

Intro to Orchestra

Students are introduced to orchestral instruments and basic ensemble skills through guided practice and group playing. Students should already have begun learning an instrument.

5th–8th Grade PM

Drawing and Painting

Students explore drawing and painting techniques using a variety of materials and styles. The camp encourages experimentation, creativity, and artistic confidence.

Home Economics

Students build practical life skills such as cooking, budgeting basics, organization, and simple sewing. The camp encourages independence, responsibility, and confidence.

Digital Media

Students create digital projects such as videos, graphics, and animations. The camp builds storytelling skills and technical confidence.

Intro to Crochet

Students learn foundational crochet stitches and techniques while creating handmade projects. The camp builds patience, focus, and creative confidence.
